

Become a COCA Ambassador!

COCA Ambassadors will represent the interests of women and families dealing with an ovarian cancer diagnosis

Becoming an Ambassadors is easy! You only need to be willing to talk to your local legislators, people just like you, about issues important to our community. You won't be alone and COCA will help guide you. Our voices combined will be a powerful force to the state legislature!

- Please join us for the launch and training on February 10th at the Park Hill Golf Course from 9:00 a.m. to 12:00 p.m.
- This meeting will be followed a month later for a joint lobby day at the State Capitol with other groups representing chronic illnesses.
- You can sign up for either or both days below.
- Feb. 10th is a special day for the COCA community only. We will hear from a great list of speakers on current issues from palliative care expansion to genetic counselor legislation.

Any Questions?
