

Despite what happens in the world,
COCA will be there for survivors.
We hope you will be there for COCA.

Participate. Donate. Do your part.

Even with the uncertainties that surround us,
we are moving full steam ahead towards Jodi's Race in June.

We **are** considering alternative dates and locations for Jodi's Race
should the effects of the Coronavirus pandemic continue into June.

Proceeds from Jodi's Race are responsible for
over 30% of COCA's operating budget,
so registering and raising funds
to keep programs available for women is **critical!**

"We're starting early!"

"It's obvious that COVID-19 is having far-reaching effects and we're worried about the impact on the community COCA serves.

If Jodi's Race participation is reduced, COCA programs will be hurt.

Will COCA have the funds to help survivors with COCA Cares Financial Assistance? Can they keep support groups going? There's a lot at stake.

*So, **we are starting early**, forming our team and asking our friends to help us get a jump on fundraising!"*

*- Jessica and Johnna,
Team Captains of Team Jan and Liz*

Facebook Fundraisers are a GREAT way to make a big difference. They are easy to set up and make a big impact.

Facebook Fundraisers were responsible for nearly **\$30,000** of income to COCA in 2019. That translates to financial assistance (rent, utilities, etc.) for 15 low income women during treatment!

Hold a **Facebook Fundraiser for COCA** and we'll reward you with a good looking **Jodi's Race hat!**

Tell your personal story in your FB post and watch what happens!
